HUNT THE RIDGE.

TO OUR CUSTOMERS

Wicked Ridge Crossbows has enjoyed great success since its introduction seven years ago, and 2015 was no exception, as we reached record-setting sales. Its quality, performance, and price have firmly established Wicked Ridge as the best value on the market today.

New for 2016 is the Warrior G3™ - a redesign of last year's Warrior HL™. It features an upgraded stock and bow assembly that make it the lightest, safest, and fastest Warrior model to date. Its introduction also completes the transformation of the entire Wicked Ridge lineup we began last year.

As we embark on another exciting year for Wicked Ridge, we are thankful for the good fortune the brand has brought us, and we remain committed to maintaining its consistent quality and backing up that quality with the best customer service in the industry.
