2023

TO OUR CUSTOMERS

As we embark on our 29th year in business, our two guiding principles – Family Owned & Operated and Made in America – have never been stronger. In October, I announced the promotion of my two sons, Phil and Steve, to CEO and COO, marking the third generation of Bednars to lead our company in building the highest quality, most accurate, and safest crossbows in the world.

Every day, we stand proud as the ONLY Family-Owned Crossbow company. We stand proud to be the ONLY crossbows under \$1,300 to be Built in America. And we stand proud to employ over 100 employees right here in Mogadore, Ohio.

Our commitment to these principles ensures that the most important decisions are made by hunters who dream of chilly November sits, not by board members crunching numbers in the executive office. Simply put, from ownership, to management, to skilled employees, we are bowhunters and hunting is our passion. And, while that may make November vacation schedules a challenge, we believe passionate bowhunters design, engineer and build better crossbows than those who aren't involved in the sport or who have moved operations overseas.

From the fastest crossbows in the world and compact hunting systems to safe de-cocking crossbows and budget-friendly crossbows, our 2023 lineup has a crossbow for everyone, and we look forward to sharing in your success this year.

Good Hunting,

RICK BEDNAR
Executive Chairman

PHIL BEDNAR
President | CEO

STEVE BEDNAR
Executive Vice President | COO

DEFINING CROSSBOW PRECISION

SAFE DE-COCKING

Unlike any other de-cocking system on the market, the patented ACUslide and patented ACUdraw De-Cock eliminate the potential of losing control of the handle while de-cocking.

COMPLETE HUNTING SYSTEMS

From shorter 16-inch arrows that complete the compact system of the **NEW Flatline 460** to our **NEW Sentry Bowhanger** that allows you to easily hang your bow in the stand, every detail of our crossbows is an integral piece to building a system perfectly designed to bring you more success.

FASTEST CROSSBOWS IN THE WORLD

Nitro 505: Fastest Crossbow in the World

NEW Flatline 460: Fastest Compact Crossbow in the World

NEW Stealth 450: Our Fastest Forward Draw Crossbow

505 FPS

460 FPS

450 FPS

NARROW CROSSBOW PROFILES

Our compact crossbow systems provide more shooting coverage by reducing the chance for cam/limb contact in the treestand or ground blind.

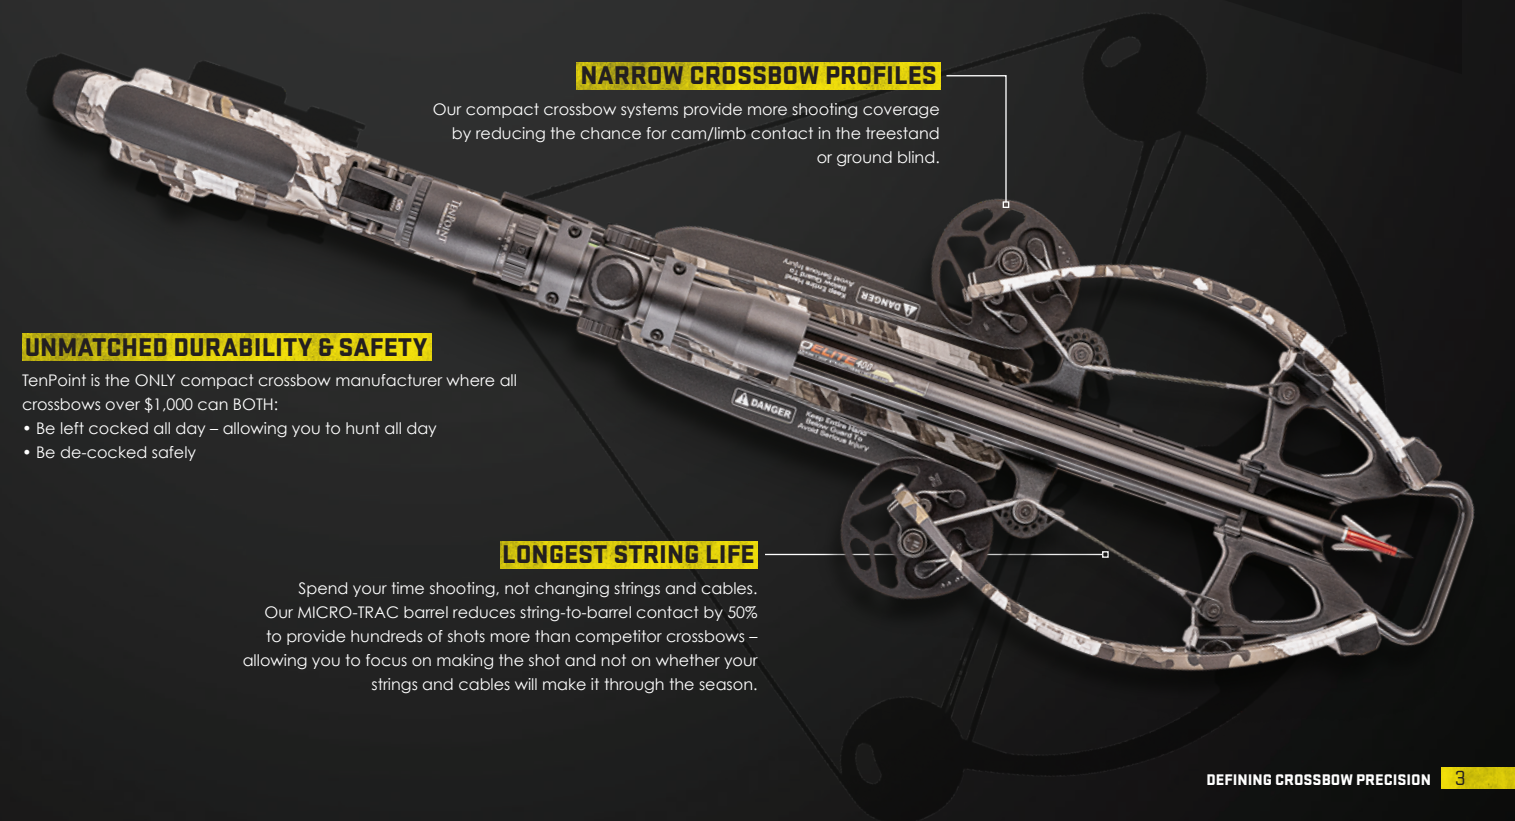

UNMATCHED DURABILITY & SAFETY

TenPoint is the ONLY compact crossbow manufacturer where all crossbows over \$1,000 can BOTH:

- Be left cocked all day – allowing you to hunt all day
- Be de-cocked safely

LONGEST STRING LIFE

Spend your time shooting, not changing strings and cables. Our MICRO-TRAC barrel reduces string-to-barrel contact by 50% to provide hundreds of shots more than competitor crossbows – allowing you to focus on making the shot and not on whether your strings and cables will make it through the season.

NEW FOR
2023

FLATLINE 460

**CARRY LESS, SHOOT
FLATTER, HIT HARDER.**

Designed for the hardcore hunter who wants a micro footprint to maximize shooting opportunities, but isn't willing to sacrifice speed or accuracy, the Flatline 460 measures just 26.5-inches long and shoots a blistering 460 feet-per-second. Equipped with **NEW** Scope Struts that provide rock solid mounting for the scope, it delivers unrivaled durability and long-range accuracy.

PAGE 8

STEALTH 450

**MORE SPEED.
MORE ACCURACY.
MORE MOBILITY.**

Our fastest forward draw crossbow ever, the **NEW** Stealth 450 shoots a blistering 450 feet-per-second and measures a narrow 6.5-inches wide – giving you more speed and more mobility to ultimately make you a more successful hunter. The 100-yard EVO-X® Marksman™ Elite Scope paired with **NEW** Scope Struts maximize long-range accuracy and in-the-field durability.

PAGE 10

VIPER 430

**FASTER. NARROWER.
MORE ACCURATE.**

A faster, narrower, more accurate version of the best-selling Viper S400 crossbow, the Viper 430 shoots 30 FPS faster at 430 FPS and measures almost an inch narrower at a sleek 6.5-inches wide. The combination of a **NEW** 100-yard scope, dual Scope Struts, and a **NEW**, longer dovetail generates maximum long-range accuracy.

PAGE 12

SCOPE STRUTS & LONGER DOVETAIL

Featured on the Nitro 505, **NEW** Flatline 460, **NEW** Stealth 450, and **NEW** Viper 430 and designed to generate greater down-range accuracy, the dual aluminum Scope Struts increase strength and rigidity by 80% to provide rock-solid stability – ensuring the scope rail does not move if dropped during the hunt. The **NEW** longer dovetail (+1.5") allows for more scope adjustments, heavier scope options, and provides the strength of a full-length rail without the added weight.

RANGEMASTER® 100

Designed to improve a shooter's accuracy and maximize precision out to 100-yards, the variable speed scope accommodates the fastest of crossbows shooting between 380-505 FPS. The scope features an etched glass reticle and fully multi-coated optics that provide the shooter with improved image clarity and brightness, allowing for maximum long-range accuracy.

BUILT RIGHT. RIGHT HERE.

THE ONLY BRAND OF CROSSBOWS BUILT IN AMERICA FROM \$449-1,099.

FROM SAFE DE-COCKING CROSSBOWS TO BUDGET-FRIENDLY CROSSBOWS WITH

BUILT-IN COCKING DEVICES, WICKED RIDGE CROSSBOWS ARE PACKED WITH

FEATURES THAT SEPARATE THEM FROM ALL IMPORTED CROSSBOWS.

WHY BUY WICKED RIDGE.

DE-COCKING STARTING AT \$749.99

Silent Cocking

Silently cock the crossbow with an easy 5-pounds of force using the ACUdraw De-Cock, or manually cock the crossbow with the Rope-Sled.

Simple Operation

If you don't take a shot, simply push the de-cock button on the trigger box.

Safe De-Cocking

With the patented ACUdraw De-Cock, you can remove your hand from the handle at any point and it will stop in place. Or, manually de-cock the crossbow with the Rope-Sled.

BUILT-IN COCKING DEVICES

There's a difference between using a bulky, clamp-on "crank" to cock your crossbow and using a built-in cocking device. Wicked Ridge cocking devices are built-in so you never have to worry about losing or forgetting your cocking device.

NEW TACTICAL STOCK

NEW AR-style adjustable butt stock adds a new level of versatility to the Wicked Ridge lineup and dramatically reduces the overall weight of the crossbow for easy-handling.

BLACKHAWK XT™

NEW BLACKHAWK XT™

Forget the days of a ruined hunt because you forgot your cocking rope or cranking device, the Wicked Ridge Advantage is that on the Blackhawk XT, your cocking device is built into the bow. The ACUdraw crank cocking device allows you to effortlessly cock the crossbow with just 5-pounds of force, while the ACUdraw 50 reduces the draw weight by 50%.

REVOLUTIONARY ALPHA-NOCK HP & ALPHA-BLAZE LIGHTED NOCK

DESIGNED FOR INCREASED STRING-TO-NOCK ENGAGEMENT AND SAME HOLE DOWN-RANGE ACCURACY.

TenPoint's Alpha-Nock HP features a deep bowstring groove, a large smooth radius base, and elongated ears. The string on TenPoint's extremely narrow crossbows wraps tightly around the center of the Alpha-Nock HP resulting in straight nock travel and precision down-range accuracy, while minimizing string serving wear.

The Alpha-Nock HP's deep channel design increases the string-to-nock engagement by 28% and "holds" the bowstring in place during the shot which prevents "shoot-over" or "shoot-under".

ALPHA-BLAZE LIGHTED NOCK

The Alpha-Blaze Lighted Nock contains a one-piece Nock/LED unit that is indexed with the vanes and press fits into the arrow's Aluminum Bushing. Upon firing the crossbow, the bow string pushes the nock fully into the bushing and activates the LED light.

Deactivate the easy on/off Alpha-Blaze lighted nock by pulling the nock straight out until the light turns off. The LED light of the Alpha-Blaze system lasts for approximately 24 hours when activated.

The system features TenPoint's NEW Alpha-Nock HP that is equipped with an HP Aluminum Bushing for increased strength and accuracy.

BE SURE THE ALPHA-NOCK'S RAISED LINE INDEXING FEATURE IS PROPERLY ALIGNED WITH THE ODD COLORED VANE ON YOUR ARROW (AS SHOWN ABOVE).

* All TenPoint and Wicked Ridge crossbows require the use of an Alpha-Nock Arrow. Failure to do so will void the manufacturer's warranty.

HEA-379.3 3-pack Alpha-Blaze Lighted Nock for HP Bushing - Green

ARROWS

TENPOINT EVO-X CENTERPUNCH LIGHTED & NON-LIGHTED CARBON ARROWS 20-INCH / 465-GRAINS / BALANCED AT 15% FOC / .001" STRAIGHTNESS

The most accurate crossbow arrow ever, the CenterPunch 20-inch arrow is fletched slightly offset and is fitted with a 84-grain insert and TenPoint's Alpha Nock HP Nock and Alpha Nock HP Nock Bushing. Constructed from modulus carbon fiber at 33 MSI (million-pounds-per-square-inch) and wrapped in an exclusive LAZER-TECH carbon weave, it is fletched with 3.5" Bohning X Vanes™. CenterPunch arrows are inspected for straightness to within .001 and each package is weight-grain matched within 1-grain per arrow.

HEA-740.6	6-pack (w/Alpha-Nock HP)
HEA-749.3	3-pack (w/Alpha-Blaze lighted nocks)
*All 3- and 6-packs come with 100-grain field points	

TENPOINT EVO-X CENTERPUNCH 16 LIGHTED & NON-LIGHTED CARBON ARROWS 16-INCH / 400-GRAINS / BALANCED AT 17.5% FOC / .001" STRAIGHTNESS

Specifically designed for the Havoc RS440 and the Siege RS410, the CenterPunch 16-inch arrow is fletched slightly offset and is fitted with a 84-grain insert and TenPoint's Alpha Nock HP Nock and Alpha Nock HP Nock Bushing. Constructed from modulus carbon fiber at 33 MSI (million-pounds-per-square-inch) and wrapped in an exclusive LAZER-TECH carbon weave, it is fletched with 2.1" Q2i Fusion-II Vanes. CenterPunch arrows are inspected for straightness to within .001 and each package is weight-grain matched within 1-grain per arrow.

HEA-750.6	6-pack (w/Alpha-Nock HP)
HEA-759.3	3-pack (w/Alpha-Blaze lighted nocks)
*All 3- and 6-packs come with 100-grain field points	

TENPOINT PRO ELITE 400 LIGHTED & NON-LIGHTED CARBON ARROWS 20-INCH / 400-GRAINS / BALANCED AT 13% FOC / .003" STRAIGHTNESS

The Pro Elite 20-inch carbon arrow is fletched slightly offset and is fitted with a 46-grain aluminum insert, Q2i Fusion X-II 3.0 Vanes, and TenPoint's Alpha Nock HP Nock and Alpha Nock HP Nock Bushing. Pro Elite shafts are inspected for straightness to within .003" and hand-sorted for weight tolerance to within 2-grains per dozen.

Note: Alpha-Brite lighted arrows come with original Alpha-Nocks.

HEA-660.3	3-pack (w/Alpha-Nock HP)
HEA-660.6	6-pack (w/Alpha-Nock HP)
HEA-669.3	3-pack (w/Alpha-Blaze lighted nocks)
*All 3- and 6-packs come with 100-grain field points	

WICKED RIDGE MATCH 400 LIGHTED & NON-LIGHTED CARBON ARROWS 20-INCH / 400-GRAINS / BALANCED AT 13% FOC / .004" STRAIGHTNESS

The Match 400 20-inch carbon arrow is fletched slightly offset and is fitted with a 60-grain aluminum insert, Q2i Fusion X-II 3.0 Vanes, and TenPoint's Alpha Nock HP Nock and Alpha Nock HP Nock Bushing. Match 400 shafts are inspected for straightness to within .004" and hand-sorted for weight tolerance to within 2-grains per dozen.

Note: Alpha-Brite lighted arrows come with original Alpha-Nocks.

HEA-760.3	3-pack (w/Alpha-Nock HP)
HEA-760.6	6-pack (w/Alpha-Nock HP)
HEA-769.3	3-pack (w/Alpha-Blaze lighted nocks)
*All 3- and 6-packs come with 100-grain field points	

XX75 WICKED RIDGE LIGHTED & NON-LIGHTED ALUMINUM ARROWS 20-INCH / 460-GRAINS / BALANCED AT 10% FOC / .003" STRAIGHTNESS

The XX75 20-inch 2219 aluminum arrow is fletched slightly offset and is fitted with a 13-grain carbon insert, 3.5" Bohning X Vanes™, and TenPoint's Alpha-Nock and Alpha-Nock HP Nock Bushing.

Note: Alpha-Brite lighted arrows come with original Alpha-Nocks.

HEA-060.3	3-pack (w/Alpha-Nock HP)
HEA-060.6	6-pack (w/Alpha-Nock HP)
HEA-068.3	3-pack (w/Alpha-Brite lighted nocks)
*All 3- and 6-packs come with 100-grain field points	

CROSSBOW DISCHARGE ARROW 20-INCH / 650-GRAINS

The Crossbow Discharge Arrow includes a 20-inch carbon arrow with installed Alpha Nock HP Nock, Alpha Nock HP Nock Bushing, discharge collar, and field tip. The 650-grain finished arrow with an Alpha-Nock HP Nock, is designed for use on most crossbows that shoot a 20-inch arrow. It can also be used on most crossbows requiring flat, moon, or capture nocks.

HEA-00018	Crossbow Discharge Arrow
-----------	--------------------------

BROADHEADS

TENPOINT EVO-X CENTERPUNCH EXPANDABLE BROADHEAD

Designed for strength, the 100-grain, rear-deploying EVO-X CenterPunch Broadhead features a collarless design that delivers field point accuracy and a devastating 1 7/8" cut. Its 7075 T6 aluminum ferrule, ultra-strong precision point, and scalpel sharp blades stay closed during flight – creating massive wound channels and leaving huge blood trails.

HEA-800.3 CenterPunch Broadhead (3-pack)

TENPOINT EVO-X MONTEC FIXED BROADHEAD

Built exclusively for TenPoint by G5, this one-piece, 100-grain broadhead is designed for maximum strength and pin-point accuracy, and features a three-blade, cut-on-contact design with a devastating 1 1/8" cut.

HEA-801.3 Montec Broadhead (3-pack)

WICKED RIDGE IMPACT EXPANDABLE BROADHEAD

Designed for precision, durability, and performance at a great value, the 100-grain, 2-blade, rear-deploying Impact broadhead features a steel construction and a simple, collarless design that delivers field point accuracy and a devastating 2" cut. Its stainless-steel ferrule and ultra-strong bone-crushing tip deliver massive wound channels and huge blood trails, while its floating blade design ensures the blades do not open in-flight.

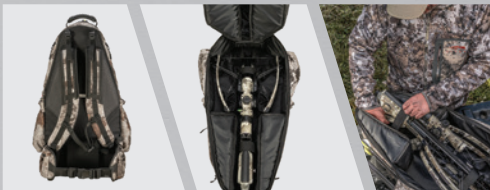

HEA-803.3 Impact Broadhead (3-pack)

CROSSBOW CASES

HALO BOWPACK

THE INDUSTRY'S FIRST CROSSBOW BACKPACK—PERFECT FOR YOUR TREK THRU THE WOODS.

Two elastic side pockets for storing water bottles or a quiver with arrows.

Molle straps on the exterior pockets allow you to attach additional accessories.

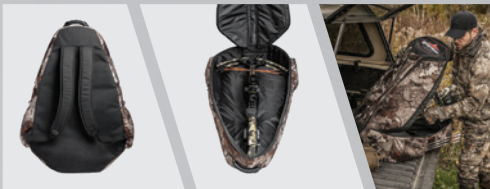

Rigid frame provides robust back support and includes a pocketed waist strap and sternum strap for ultimate carrying comfort.

Four external zippered pockets for storage of calls, rangefinder, extra clothing, cellphone, etc.

HCA-20120 HALO Bowpack - Custom Designed for TenPoint's Havoc RS440, Siege RS410, and Flatline 460
DIMENSIONS: Pack Length: 30" | Pack Width 15.5" | Pack Depth 11"

WICKED RIDGE AMBUSH CROSSBOW BOWPACK

THE INDUSTRY'S MOST AFFORDABLE BOWPACK DESIGNED FOR WICKED RIDGE CROSSBOWS.

Two elastic side pockets for storing water bottles or a quiver with arrows.

Two external zippered pockets for storage of calls, rangefinder, extra clothing, cellphone, etc.

WRA221 AMBUSH Bowpack - Custom Designed for most 2019 Wicked Ridge Models 33" long or shorter
DIMENSIONS: Pack Length: 33" | Pack Width 19" | Pack Depth 11"

SEMI-RIGID CASE

Designed for maximum protection and durability, these rigid, water-resistant cases feature an extremely durable shell, as well as a velvet interior for added protection. The interior of the case includes two hook and loop straps to secure the crossbow during travel, and storage for a quiver that also includes straps. If used with TSA approved locks, the case is TSA compliant.

HCA-20318 TenPoint STAG Case / Black / Fits all of TenPoint's 2019 and newer crossbow line-up (except models with Rangefinding scopes)
DIMENSIONS: Case Length: 36.75" (not including foot stirrup pass-thru) / Case Width: 18" / Case Depth: 10.75" / Interior Length: 36.25" / Interior Width: 17.5" / Interior Depth: 10.25"

SOFT CASES

These ultra-durable soft cases ensure protection needed for travel and/or storage of your crossbow. They contain deep, sturdy side panels to accommodate mounted optics, adjustable carry strap(s), and zippered compartment(s) for accessories.

HCA-20119 Narrow Soft Case / Black / Fits all of TenPoint's 2019 and newer crossbow line-up
DIMENSIONS: Case Length: 40.5" / Case Width: 18.5" / Case Depth: 10.75"

WRA220 Wicked Ridge Soft Crossbow Case / Black / Fits 2018 and newer Wicked Ridge crossbows (except Ranger and Lady Ranger models)
DIMENSIONS: Case Length: 38" / Case Width: 22.5" / Case Depth: 10.75"

CROSSBOW ACCESSORIES

NEOPRENE SLINGS

Featuring an extra-strong 1.25-inch wide shoulder strap, thumb loop, and a non-slip design. Equipped with custom swivels and heavy-duty adjustable strap.

HCA-004 TenPoint
WRA004 Wicked Ridge

STEDDYEDDY® (PATENTED)

The SteadyEddy telescoping two-section monopod ensures motion-free shooting while seated or standing. It attaches directly to your crossbow using a 360-degree maneuverable rapid-pivot tube equipped with a snap-on connection and clamps under your stock when not in use.

HCA-030 SteadyEddy Crossbow Monopod System (compatible with TenPoint and Wicked Ridge crossbows)

REPLACEMENT CRANK HANDLES

HCA-447 XTEND Short Crank Handle (Compatible with ACUside crossbows)
HCA-448 ACUdraw DC Crank Handle (Compatible with Titan De-Cock, Fury 410 De-Cock, and Raider 400 De-Cock)
HCA-430 Crank Handle (Compatible with ACUdraw and ACUdraw PRO)

SILENCERS

NOISE DAMPENING PACKAGE

Private labeled exclusively for TenPoint by Bowjax, Inc. the Noise Dampening package progressively reduces decibel level and shortens noise duration when used on compound crossbows and/or vertical bows.

HCA-13718 Universal Limb and Foot Stirrup Silencing Package (Includes limb & foot stirrup dampeners only, for most compound crossbows and/or vertical bows).

MAINTENANCE

TENPOINT STRING WAX AND CONDITIONER

Made from all-natural compounds. Comes in a convenient chap-stick style tube. Lubricates and rejuvenates bow strings and cables.

HCA-11007 TenPoint String Wax and Conditioner

6-ARROW TECH QUIVER

The compact Tech quiver contains a rigid ultra-durable spine and is designed for easy ambidextrous mounting. It's grippers hold up to four arrows with broadheads and/or field points on the front of the quiver, and two additional arrows with field points can be stored on the back of the quiver for a total of up to six arrows. Mounting hardware is included.

HCA-01920 6-Arrow Tech Quiver

NEW BEDNAR PERFECT PULLER® 2.0 (PATENTED)

Named for and originally designed by the late Hall of Fame Archer Bill Bednar, the Bednar Perfect Puller 2.0 doubles up as an easy-to-use arrow puller and Alpha-Blaze Lighted Nock Deactivator. Includes three interchangeable grippers sized to fit different shaft diameters of both crossbow and compound arrows.

HCA-10423 Bednar Perfect Puller (with interchangeable grippers)

STRING DAMPENING SYSTEMS (SDS)

Featuring micro-adjustable dampening rods with durable, high impact rubber dampeners the SDS mounts in the cable slot to dramatically reduce string noise and oscillation. Compatible with most post-1999 TenPoint Crossbow Technologies thumbhole models except the GT Curve™. Not compatible with RDX or NXT crossbows, RCX crossbows with built-in dampeners, ACUside crossbows, or Fury 410 De-Cock crossbows.

HCA-148

HCA-148 SDS (String Dampening System) A second set of SDS rods are included to alleviate the need for shortening rods. Compatible with Turbo M1, Titan M1, Titan De-Cock, and M-370 crossbows.

HCA-146 Wicked Ridge SDS (String Dampening System) Compatible only with the Invader 400, Invader X4, Rampage 360, Blackhawk 360, Warrior Ultra-Lite, Ranger X2, Raider 400 De-Cock, Rampage XS, and Blackhawk XT.

HCA-146

LUBRICANTS

Unlike other manufacturers' gel-based lubricants, will not gum-up in cold weather or collect dirt and grime. Recommended for strings, cables, cocking device cords, and barrel. Both feature Scorpion Venom™ Premium Lubricant.

HCA-111 Flight Rail and Trigger Lube (tube)
HCA-112 Premium Lubricant with Foam Applicator (bottle)

SCOPES

EVO-X® MARKSMAN™ ELITE SCOPE

RETICLE: 20-100-YARDS

The brightest and most accurate variable speed crossbow scope on the market, this scope features a variable speed and arrow drop-compensation setting for crossbows that shoot between 300 and 500 FPS. Its innovative configuration, consisting of three illuminated (red or green) duplex crosshairs calibrated at 20-, 40-, and 60-yards, two illuminated (red or green) dots at 30- and 50-yards, and four non-illuminated chevrons at 70-, 80-, 90-, and 100-yards, presents the shooter with a simplified aiming system. Offered in black or Veil Alpine camo, the scope's 30mm aluminum tube is equipped with an etched glass reticle and fully multi-coated 2-8x optics that increase field-of-view and brightness in low light settings. External, micro-adjustable target turrets provide easy adjustment to windage and elevation for unmatched long-range accuracy.

HCA-095.2VA	EVO-X Marksman Elite Scope with flip-up scope caps – Veil Alpine™
HCA-095.2	EVO-X Marksman Elite Scope with flip-up scope caps – Black

NEW RANGEMASTER® 100 SCOPE

RETICLE: 20-100-YARDS

This waterproof and fog-proof scope features a variable speed and drop-compensation setting for crossbows that shoot between 380 and 505 FPS. The configuration consists of nine aiming points in 10-yard increments - three illuminated dots calibrated at 20-, 30-, and 40-yards, three illuminated crosshairs at 50-, 60-, and 70-yards, and three illuminated chevrons at 80-, 90-, and 100-yards. An infinite-position rheostat controls the light intensity of the red or green illuminated dots/crosshairs/chevrons. The scope's 30mm aluminum tube is equipped with an etched glass reticle and fully multi-coated 2-7x optics (scope magnification dictated by arrow speed) that increase field-of-view and brightness in low light settings.

HCA-09812	RangeMaster 100 Scope with flip-up scope caps
-----------	-----------------------------------------------

PRO-VIEW™ SCOPE

RETICLE: 20-60-YARDS

This lightweight 8.5-inch aluminum tube scope features 3 crosshairs and four dots calibrated for 20-, 30-, 40-, and 50-yards (fourth dot is free-standing, just below the 40-yard crosshair) and fully-coated 3x optics. Available with non-illuminated black dots or one of two rheostat controlled illuminated, colored dots (red or green).

HCA-097-II	Pro-View Scope
------------	----------------

MULTI-LINE SCOPE

RETICLE: 20-50-YARDS

Only 8.5-inches long, this compact scope features fully-coated 3x optics and three duplex crosshairs calibrated for 20, 30, and 40-yards, and a fourth partial line for 50-yard shots. Scope mounting rings included.

HCA-090	Multi-Line Scope
---------	------------------

COCKING DEVICES

ACUDRAW

- Reduces draw weight to 5-pounds when operated manually
- Lightweight and has no bulky clamp-on accessories
- Draws the bow accurately every time
- Available as an accessory or pre-installed

We design, build, and test our crossbows here in the U.S.A. Doing so enables us to control the process and to use the best parts and materials available, thereby guaranteeing a final product of uncompromising quality.

Our rigorous testing standards have earned us the reputation for making the most durable and dependable crossbows on the market. We validate all of our designs through a prototyping process that combines hands-on testing with automated cycle testing.

Our automated shooting simulator allows us to put thousands of shots on our bow assembly designs in a matter of days — so when the final product arrives on the shelves, it will meet your expectations.
